# WEEKLY NEW ERA.

ONE DOLLAR A YEAR

HOPKINSVILLE, CHRISTIAN COUNTY KENTUCKY FRIDAY APRIL 29 1904

VOLUME XXXIV, NO. 29

## BREATHITT AND 'LIGE SEBREE

Go As Delegates From Second District--  
Overby Nominated For Congress--The  
Other Republican Conventions.

The Republicans held conventions in the Second, Seventh and Ninth congressional districts Tuesday and selected district delegates to the national convention, presidential electors and state central committeemen. The Ninth district instructed for W. O. Bradley for delegate-at-large, the other two districts not instructing for delegate-at-large.

The convention for the second district began with a wrangle and ended harmoniously. District Chairman N. B. Chambers called the meeting to order, and business was suspended that the leaders might confer. When it was stated that an amicable arrangement had been reached, business was begun, which was nothing but hubbub.

The convention then took a recess of an hour. Upon reconvening the opposing factions came together

teely. The resolutions endorsed Roosevelt's administration.

James Breathitt, of Christian county, and Elijah G. Sebree, of Henderson county, were named as district delegates to the national convention. J. M. Peters, of Daviess, and Wilbur Cromwell, of Union county, alternates. W. H. Overby, of Henderson, was nominated for congress, and Will P. Scott, of Hopkins county, was chosen as state central committeeman and David Browning, of Webster county, as presidential elector.

The conference wiped out the contests from Daviess and Henderson. The coming convention of the Republicans of Kentucky will witness a sharp struggle between former Gov. W. O. Bradley and John W. Yerkes. The points at issue will be organizing of the convention and the seating of the Ernst or anti-Ernst delegation from the Sixth district.

## TOBACCO WAGONS FILLING STREETS.

Large Quantities of the Loose Weed Are Being Received.--English Import Law Causes Imperial Company's Stemmiery to Close.

After lying dormant for weeks after the usual time for opening, the local tobacco market seems to have opened strong enough this week to guarantee its continued operation. The prolonged unseasonable weather has kept the farmers from delivering their crops, but this week the weather has been all that could be desired and never in the history of this city since it has taken its place as a loose market has the receipts of tobacco in this form been heavier. There are ten large rehandling houses here and from early morning till late at night have the streets about them been crowded with wagons waiting to be unloaded. The places show scenes of busy activity which have been witnessed now for several months and as a result of the money coming into the farmers' hands business has already opened to an extent that causes merchants to wear broad smiles of satisfaction.

The sales of loose tobacco on the floor at the warehouse of R. M. Woolridge & Co., this week showed considerable more strength than has been evident for several weeks. About 100,000 pounds were offered to buyers at these sales this week and prices ruled about as follows: cash \$2.10 to \$2.50; lugs \$2.50 to \$3; leaf \$3.50 to \$5.50. These prices show an increase of about \$1.00 on leaf 50% to 75% on lugs and 25% on trash. The bidding was more spirited and at Tuesday's sale there was not a single rejection out of the sales made, something unusual for this market.

A few hogsheds of new tobacco have been sold privately on the breaks at satisfactory prices. It is expected that the regular weekly sales on the breaks will begin shortly.

The local stemmiery of the Imperial Tobacco company, the British trust, has been closed down for the present although they are still making purchases. This was done on account of the recent import duty of 6 cents per pound placed on stripped

tobacco by England. Tobacco on the stalk can still be shipped to England free of duty and it is supposed that the tax was placed on the stripped tobacco in order to force it to be imported on the stalk and to give the work of stripping it and otherwise handling it which is done in this country, to the laborers of England. Until the full significance of the law is known the local stemmiery of the Imperial will not resume operations.

Although such a large amount of the weed is being received now it is estimated that not more than a third of the crop, at the outside, has yet been sold. The prices have heretofore ruled so low that whenever possible the farmers have held their tobacco for higher prices. It is estimated that about fourteen million pounds of tobacco was raised in Christian county last year.

As a result of the fall in prices the farmers are very much stirred up and numbers of plans have been broached for relief. The one which seems to meet with more general favor is that the farmers plant only a small portion of the acreage heretofore devoted to this product and thereby decrease the supply, and incidentally improve its quality. There are no two crops combined on the farm which require the work necessary for raising tobacco and at the prices which have ruled this year the planter does not realize the cost of production.

## NUPTIAL EVENTS

DR. BARKER AND MISS RIVES MARRIED.

A South Christian Planter Weds Popular Madisonville Lady.

Dr. Joe Lewis Barker, of Pembroke, and Miss Mary Belle Rives, of the Oaky vicinity, were married Tuesday afternoon at the home of the bride by Rev. W. F. Cashman. The handsome home was attractively decorated, and was filled with relatives and friends. The beautiful ring ceremony was used, and little Miss Margaret Rives, the pretty niece of the bride, presented in a rose the golden circlet, typifying endless love. Just prior to the service, Miss Florence Barclay, of Louisville, sang two sweet solos. After receiving congratulations and good wishes, Dr. and Mrs. Barker drove to Pembroke and left at night for St. Louis, where the honeymoon will be spent.

The bride is the second daughter of Mr. R. F. Rives, a prominent farmer, and is a sister of Mr. Frank Rives, of this city. She is one of the most attractive and popular young women in South Christian and is greatly admired by all who know her.

Dr. Barker is a rising young physician of Pembroke, who stands high both professionally and personally. He is a son of Mr. John Barker, and a brother of Dr. E. H. Barker, of this city.

Nuckolls-Fowler.

Mr. J. P. Nuckolls, a leading citizen of the Church Hill vicinity, and Mrs. Belle Fowler, a charming lady of Madisonville, were married this afternoon at the home of the bride.

Hale-Duncan.

Mr. Artie Hale, formerly of this city, and Miss Maude Duncan, of Paducah, eloped to Paris, Tenn., Saturday and married. The Paducah News-Democrat says:

"Mr. Hale is a son of Mr. N. T. Hale, of Murray, and is one of the wealthiest young men in this section of the state. His bride is the pretty daughter of Rev. L. B. Duncan, a Baptist minister who resides at Tenth street and Brunson avenue, and who conducts a piano store on Third street, near Broadway.

"Mr. and Mrs. Hale will return to Paducah today and will be temporarily at the Hotel Lagomarsino. They have not decided whether their permanent home will be in Paducah or Murray."

Barbecued Meats.

Barbecued meats will be served at the dinner given Monday by the ladies of Grace church in the Flack building on Ninth. Price 25 cents. d3wt

## HEALTH is the Most Important

In buying food-products, several things are to be thought of--i. e., Economy, Results, Easy Handling, Reliability, but the most important is Health.

Health means everything. In buying clothes, shoes, hats, furniture, etc., if the buyer is deceived and gets an imitation the only harm is loss of money. In buying food-products, if imitations are supplied, there is not only a loss of money, but perhaps an injury to health--which is beyond price.

Remember these facts when buying baking powder.

#### PEOPLE WE KNOW.

**They Are Hopkinsville People, and What They Say Is of Local Interest.**

When an incident like the following occurs right here at home, it is bound to carry weight with our readers. So many strange occurrences go the rounds of the press, are published as facts, people become skeptical. On one subject skepticism is rapidly disappearing. This is due to the actual experience of our citizens, and their public utterances regarding them. The doubter must doubt no more in the face of such evidence as this. The public statement of a reputable citizen living right here at home, one whom you can see every day, leaves no ground for the skeptic to stand on.

John J. Basford, cooper, of 708 East 9th St., says: "My back used to be so lame and sore at times that when I bent it was all I could do to straighten up again. The pains were always with me and I could not stand for any length of time without feeling them. I doctored at one time but did not obtain the slightest benefit. My attention was called to an advertisement of Doan's Kidney Pills and I determined to try them. I got a box at Thomas & Trahern's drug store and after using them a few days could not help but notice a marked improvement in my condition. My health is better now than it has been in years. I give all the credit to Doan's Kidney Pills, and strongly recommend them to others. For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y.

## The WORLD'S FAIR ST. LOUIS, 1904.

The exposition to be held at St. Louis this year will be the greatest world's fair in the history of mankind, covering an area greater than that of Chicago, Paris, Omaha and Buffalo combined, and with the experience of all other great fairs of the past, the directors of the St. Louis exposition are preparing to give the world the world's greatest panorama of practical and amazing achievements ever witnessed. The agents of this fair have ransacked the highways and byways to find the greatest productions of man's wisdom, art and device. Here the Orient and the Occident, the Ancient and the Modern, will meet in all their glory and grandeur and compete for excellence. Here may be seen a magnificent display of the products, novelties, inventions and people of the earth, collected at an immense expenditure of time, money and energy. Here you may witness a brilliant exhibition of everything that can attract, interest, amuse and instruct.

The resources of the management are astounding. It is estimated that the total cost of the exposition will be in excess of fifty million dollars. The gates of this, the greatest of all world's fairs, will open April 30, 1904, and close December 1, 1904, and will probably be the last great fair the present generation will have the privilege of witnessing.

#### OBJECT OF THIS ASSOCIATION.

The World's Fair Guarantee Association provides a way to visit St. Louis and see the fair to the greatest possible advantage and at the least possible expense. It arranges to supply every convenience and comfort to its patrons; it enables them to see the most important features of the fair and helps them to make the itinerary one of the deepest interest, highest enjoyment and of the most profitable instruction; whereas those coming without availing themselves of the benefit of our system, extended information, and experienced guides, will be without any special protection, and being ignorant of the location of the various exhibits will waste a vast amount of time in retracing their steps and may return to their homes without having seen the most salient features of the fair.

#### THIS IS WHAT WE GIVE YOU.

#### Too Expensive.

(From Monday's Daily.)

A marriage license was issued this morning to Mr. Clarence Jackson and Miss Mollie Major, a couple from the extreme northern portion of this county. After procuring the license they asked Deputy Clerk Wicks what would be the charge for having the ceremony performed by Judge Fowler, but when they were told the usual charge was \$2.00 they seemed to change their mind about having the ceremony solemnized at the court house. It is not known who officiated.

## UNION REVIVAL

**CLOSED AT TABERNACLE SUNDAY NIGHT.**

**Protracted Meeting Will Be Held at Ninth Street Presbyterian Church.**

(From Monday's Daily.)

The union revival meeting which, conducted by the Rev. Mordecai Ham, has been in progress three weeks at the tabernacle, closed Sunday night. One of the largest congregations of the revival was present, numbering about 8,500 persons. Mr. Ham delivered a strong sermon. The revival has resulted in the conversion of over two hundred people, and the Christian people have worked together more faithfully than at any previous meeting in the city.

All the local ministers Sunday night praised the young evangelist for his excellent services. Mr. Ham left at midnight for Cincinnati. Prof. D. B. Fowler, who conducted the singing, which proved to be almost important factor in the success of the meeting, has gone to Shelbyville, Ky., to assist Evangelist D. W. Potter, of Chicago, in a revival.

The Ninth Street Presbyterian church will begin a series of meetings next Sunday morning. Rev. L. O. Spencer, of Louisville, will conduct the meetings, which will continue through that week. The song

## SHADOW OF DEATH RESTS ON HOMES.

**Mr. Richard T. McDaniel, a Well-Known Citizen, Passes Away After a Protracted Illness—Several Others Answer Dreaded Summons.**

### SUNDAY A DAY OF MOURNING IN MANY PLACES.

Mr. R. T. McDaniel died Saturday evening at his home on South Main street of pneumonia following paralysis. He had been suffering greatly for weeks and death came as a relief from pain. He was one of the best known citizens of Hopkinsville and his friends were legion. Kindly, sympathetic and courteous he won friends easily, and his death causes widespread sorrow. In his family he was affectionate and devoted, and his generous nature and genial disposition impressed all with whom he came in contact. He had long been prominent in politics and stood high in the councils of his party. He had been a Mason, and was a member of the Methodist church.

Mr. McDaniel was born in Robertson county, Tenn., Oct. 16, 1833 and was descended from Scotch ancestors on his father's side and Irish parentage on the side of his mother. He came to Hopkinsville in 1851 and was in the mercantile business until 1860 when he was elected sheriff of Christian county. So faithfully and efficiently was his service that he was re-elected and thus his term covered the troublous war period. He re-engaged in the mercantile business after retiring from office until 1881 when he was elected to the office of county assessor.

Mr. McDaniel was married February 6, 1855, to Miss Sallie Larkin. His wife died several years ago. The following children survive him: Mrs. A. M. Cooper, Mr. Charles McDaniel, of Louisville; Miss Katie McDaniel, superintendent of county schools; Mrs. Sallie Richards, Dr. Robert McDaniel and Miss Lottie McDaniel. Funeral services were held Sunday afternoon at 4 o'clock at the late residence, conducted by the Rev. Dr. E. L. Southgate. Rev. H. D. Smith of the Christian church, offered a comforting prayer and several beautiful hymns were sung. The remains were interred in Hopewell cemetery.

#### Oldest Banker Dead.

The Hon. David Newton Kennedy, one of the founders of the Northern Bank at Clarksville and until recently its president, died at his home in Clarksville Saturday, aged eighty-four years. He was the oldest banker in Tennessee, and was well known all over the state.

Mr. Kennedy was formerly a member of the state legislature and of the last Tennessee Constitutional convention. He was an elder in the Presbyterian church and director of the Southwestern Presbyterian University here. He was a prominent leader in all public movements and was honored by all. He leaves four daughters and a son. The funeral took place Sunday.

Mr. Kennedy was a native of Todd county, Ky., going to Clarksville in early life. His death was due to the infirmities of age.

**Aged Citizen Summoned.**  
Joseph Hight, aged 88, died Sunday at Baker's Mill of grip. He leaves a large family.

#### Died At Asylum.

Mr. Charles Harry died at the asylum Saturday night from a complication of diseases. He was about forty years of age and was a brother of Mr. Thomas Harry, of this city. Interment took place in Hopewell cemetery Sunday afternoon.

#### Mrs. Anderson's Death.

Mrs. George Anderson died at her home on North Liberty St. Sunday night of puerperal fever, aged twenty-two years. She was a member of the Baptist church and a highly esteemed lady. Funeral services were conducted at the residence of Mr. James F. Roger, on High St. Monday morning at 10 o'clock by Rev. Charles Harris Nash. Interment took place near Barnes, in North Christian.

#### Death of Child.

An infant of 'Squire and Mrs. N. O. King, of Barnes, died Sunday night. The body was interred in the family burying ground.

#### Died At Pembroke.

Mrs. Wash Koon, a popular lady of Pembroke, died Saturday evening at her home, aged thirty-nine years. The funeral took place Sunday. The deceased leaves two children. She was a sister of Messrs. J. D. and Stonewall Morris, of this city.

To put the brake on the wagon going down the hill is a help to the horse, when the wagon is heavily loaded. But what driver would think of applying the brake to a loaded wagon going up hill? If he did, his sensible horses would probably balk. Many a man is in the condition of pulling a load up hill with the brake set against him. When his stomach is out of order, and the allied organs of digestion and nutrition impaired in their functions, a friction is set up which has to be overcome in addition to the performance of daily duties. A foul stomach makes a foggy brain, and the man with a disordered stomach has often to grope his way through the day's business like a man in a fog. He forgets appointments. Problems seem presented to his mind "wrong end to." This condition is entirely remedied by the use of Dr. Pierce's Golden Medical Discovery. It puts the stomach and digestive and nutritive system into a condition of perfect health, and gives a clear brain, a steady hand and a light step for the day's duties. When constipation clogs the channels of the body, Dr. Pierce's Pleasant Pellets will work an effectual cure of that disastrous disease.

#### Lunacy Case.

Judge Hart tried a lunacy case yesterday. Henry Moss, aged thirty-five, a married man, was adjudged of unsound mind and sent to Hopkinsville asylum in the custody of Guards Phil Jones and George Hoggard. Henderson Gleason of Sunday.

## PROFIT IN TOBACCO

A REPORT OF MUCH LOCAL INTEREST.

**Austria Pays More Than the Trust, and Then Sells Cheaper.**

Tobacco growers in the dark tobacco district about Hopkinsville, Ky., and Clarksville, Tenn., know that Austria is a good customer, and in these latter days, when the trust has hammered down prices to the starvation point, they have looked to this foreign empire with gratitude, for the Austrian buyers have been willing to pay above the market if the goods were up to the standard desired, says a special Washington despatch to the Louisville Post. If the Austrian government can buy at advance prices and ship the tobacco to Vienna and its dependencies and sell it in its manufactured form at prices below what the American consumer pays, there must be a big profit in tobacco for someone in America. The following report from Frederick W. Hossfeld, United States consul at Trieste, Austria, will furnish food for thought while smoking a pipe after dinner.

"The manufacture and sale of tobacco is a state monopoly in Austria which nets the national treasury over \$27,000,000 a year. The government purchases the raw material, manufactures it into cigars, cigarettes, smoking tobacco and snuff and sells to the consumer through licensed agents, who receive a fixed commission—averaging about ten per cent—on the proceeds of their sales.

"The prices are uniform throughout the empire. There are in all fourteen brands of domestic cigars and eleven brands of cigarettes, the prices of the former ranging from 0.6 cent to 3.6 cents and those of the latter from 0.2 cents to 1.2 cents. Of smoking tobacco the state manufactures twenty-six different varieties, which are sold at from 18 cents to \$2.80 a pound. This tobacco is usually put up in packages containing from one to six ounces. The government factories produce, furthermore, no less than twenty-seven different kinds of snuff. This commodity is also put up in similar packages. Common snuff is sold at the rate of 28 cents and the best quality at the rate of 74 cents per pound.

"Chewing not being a popular habit in Austria, the state manufactures but two kinds of chewing tobacco—both of the twist variety. This tobacco is especially cheap, twists weighing 1½ ounces costing only 1.2 and 1.8 cents, respectively.

In the sale of all the various products of tobacco the state adheres strictly to the postoffice principle of allowing no discounts on large sales. Whether the consumer buys one cigar or a hundred, an ounce or a pound of snuff, the rate is the same. "The total amount spent for tobacco during the year 1902 was \$44,574,000, or about \$1.16 per capita. The amount expended by the state for raw material, salaries, wages, commissions, etc., was \$16,922,000. The state manufactures in its thirty factories 1,307,000,000 cigars, 3,114,000,000 cigarettes, 528,756,000 pounds of smoking tobacco, and 30,062,000 pounds of snuff."

#### Engagement Announced.

Mrs. Thomas Underwood Dudley, of Louisville, announces the engagement of her daughter, Miss Gertrude Dudley, to the Rev. Harry S. Musson, of Indianapolis, and the publication will be a most interesting piece of news to society. No date has been set for the wedding.

Miss Dudley is the youngest daughter of the late Thomas Underwood Dudley, bishop of Kentucky, and is a young girl of much culture and charm of manner.

Her fiancé is a native of Toronto, Canada, and is chaplain to Bishop J. M. Francis, Bishop of Indiana.

Mr. Musson is rector of Holy Innocence church in Indianapolis.

## HOT TIME IN REPUBLICAN CONVENTION.

**Threats of a Bolt Cause Slate to Be Altered and Chairman Feland, as Usual, Is Given Hot End to Hold.**

### SOME SIZZLING ORATORY WAS UNCORKED.

(From Monday's Daily.)

After getting hopelessly tangled in parliamentary usage, after threats of a bolt had been made and Chairman Feland had been exoriated by Hiram Smith, colored, and abandoned by his good friend, Judge James Breathitt, for alleged arbitrary rulings, the Republican mass convention, Saturday afternoon instructed for Judge Breathitt for Second district delegate and William O. Bradley and John W. Yerkes for delegates-at-large to the National Republican convention, and endorsed the candidacy of Councilman E. W. Glass, colored, for a place on the state delegation.

Chairman A. H. Anderson called the convention to order. John Feland was elected chairman and R. N. Lander, colored, secretary. O. H. Anderson, T. Walker, Robert Cook, Kinney Tyler, colored, and Wyatt Watt, colored, were appointed the committee on resolutions and retired to an anti-room with their typewritten report already in Mr. Anderson's pocket.

A motion to submit all resolutions to the committee was defeated after a wrangle in which Representative Jim Rogers led the opposition, insisting that gag rule was being attempted and calling on his friends "to watch him as he should shake his hands," and vote the way he did. Gestures accompanied his address. The committee showed up and read a string of resolutions endorsing Roosevelt as "the truest and most loyal of all Americans," instructing the 45 delegates of Christian county to vote on all questions as a unit, and for Judge Breathitt for district delegates and Bradley and Yerkes for delegates from the state-at-large, and demanding that "some colored man" be one of the delegates from the state-at-large. Hiram Smith proposed an amendment by striking out the words "some colored man" and substituting the name of E. W. Glass. Secretary Lander moved the previous question. Chairman Feland proceeded to get his wires crossed and put the original resolutions to the vote and declared it carried. Oratory was uncorked and the Glass adherents and others attempted to show the chairman the error of his way. He calmly said that he might not know anything about Cushing's manual, with which most of the speakers were professing to be familiar, but he was desirous of seeing one convention in which nobody had a "kick coming." He proposed to call up every resolution and motion, one by one, and "let everybody debate till they are black in the face." Rogers appealed from the decision of the chair, and his motion carried. The chairman, still apparently confused as to the meaning of "previous question" which would simply have shut off debate and brought the resolutions to a vote, again tried to take the sense of the convention on the resolutions as a whole. Then everybody wanted to talk. Finally Hiram Smith took the floor and denounced the chairman for his manner of presiding and insisted that Mr. Feland knew better but was trying to keep Ed Glass from getting the instructions of the county. The chairman wanted to know whether "Mister Smith" was trying to intimidate him. Councilman Glass said he and his friends wanted justice and threatened to send a contested delegation to Henderson if they didn't get it. Judge Anderson deprecated any talk of bolting. Otho Anderson pleaded for something to be done quickly as he wanted to go to the ball game. Judge Landes got tired and left. Several tried to draw diagrams for the chairman's benefit. Finally Judge Breathitt made a speech in his mellowed voice, pleading for

harmony, and touchingly offering to withdraw if he, Ah! if he were the obstacle in the way. Cries of "No!" He was not willing, he said, to see the rights of an honorable citizen trampled upon. Chairman Feland, in surprise, told the convention he had simply been trying to carry out the plans agreed on by the Republican leaders and in putting the vote on the resolution had but obeyed the whispered direction of Judge Breathitt. Finally things were straightened out and the resolutions, amended by the clause endorsing Glass, were adopted, and delegates to the District convention at Henderson on tomorrow and the state convention were appointed.

The Republican State convention will be held in Louisville on Tuesday and Wednesday, May 3 and 4, for the purpose of electing four delegates and four alternate delegates from the state at large to represent Kentucky in the national Republican convention to be held in Chicago on June 21, and to nominate two electors from the state at large to be voted for at the November election. The convention, which will be held at Macaulay's theater, will be called to order at 2 o'clock on May 3 by Chairman C. M. Barnett of the Republican State Central committee.

The basis of representation has been fixed at 1 delegate for each 100 or fraction over 50 votes cast for McElroy and Roosevelt electors in the election of 1900.

Returns from forty-nine Republican county mass conventions held over the state show that thirty-two instructed for William O. Bradley, twenty-one for John W. Yerkes, fourteen for George W. Long and fourteen for Richard P. Ernst for delegates at large. A number of others received scattering instructions.

## THIS NOTICE WORTH 25c

Take It To L. L. Elgin and Get Popular 50c Remedy at Half Price.

If this number of the New Era was all valued at the same proportionate price as this notice, it would be the most valuable newspaper ever printed.

This little notice will be accepted by L. L. Elgin, the popular druggist, in part payment of a 50c bottle of Dr. Howard's celebrated specific for the cure of constipation and dyspepsia. In other words any one bringing this notice to Mr. Elgin's store can obtain a bottle of Dr. Howard's specific, containing sixty doses, for half price, 25c.

## NOT GUILTY OF THE MURDER OF BRUIN.

Body Was Exhumed and After Inspection by Dr. Sargent Report Was Made To Judge Fowler Who Freed the Accused Negroes.

(From Friday's Daily.)

As a result of the postmortem examination of the body of Edmond Bruin made this morning by Dr. Andrew Sargent to determine whether the skull had been crushed and the throat cut, Judge Fowler this afternoon ordered Laura and Martin Bruin and Rose Garrott, who were held on the charge of murdering the old man, dismissed from custody. Dr. Sargent's report was not made public but it is understood that he decided that in all probability the cut on the neck was made from contact with something in the river or while the body was being dragged out. No fracture of the skull was found.

The body was exhumed this morning and Dr. Sargent made a careful examination of the entire body, using the strongest disinfectants known in order to accomplish his object. The flesh was in a very bad state, the teeth and chin being entirely bare.

## HONEYMOON'S END

## WAR CLAIMS.

WASHINGTON, April 22.—The house passed the senate bill extending the time allowed the states for the filing of war claims with an amendment providing for payment of expenses incurred by governors after muster. The senate is expected to concur. Capt. Calhoun says the Fourth Kentucky will receive about \$50,000 and that the field staff and band of the First, Second and Third regiment will get about \$5,000.

## Health is Youth.

Herbina, taken every morning before breakfast, will keep you in robust health, fit you to ward off disease. It cures constipation, biliousness, dyspepsia, fever, skin, liver and kidney complaint. It purifies the blood and clears the complexion. Mrs. A. W. Smith, Whitney, Texas, writes April 3, 1902: "I have used Herbina and find it the best medicine for constipation and liver troubles. It does all you claim for it. I can highly recommend it." 50c a bottle. Sold by Ray & Fowler.

## "Do It Today."

The time-worn injunction, "never put off 'til tomorrow what you can do today," is now generally presented in this form: "Do it today!" That is the terse advice we want to give you about that hacking cough or de-moralizing cold with which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it today—and let that remedy be Dr. Boschee's German Syrup, which has been in use for over thirty-five years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep-seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble. New trial bottles, 25c; regular size, 75c. At all druggists.

The witnesses for the prosecution testified that when the body was taken from the water a cut three or four inches in length and very deep was found in the neck on the right side, the large tendon of the neck being completely severed and the ends sticking out of the flesh. They also testified to having found a place in the back of the head where the skull was crushed. They also stated that the right ear was missing and seemingly was cut off close to the head with a knife. The witnesses for the defense contradicted these statements flatly. Mr. A. A. Winfree and Dr. Wilkerson, of Caskey, testified that they examined the body when it was brought to Caskey for burial and they failed to find any cut in the throat or any place in the head where the skull was crushed. Dr. Wilkerson is the physician who treated Bruin for the injuries received in the railroad accident and he stated that he found wounds on the negro's head and knee which he thought were the same as those received in the railroad accident. He saw no incision in the throat and the ear seemed to have either been eaten off by animals or rubbed off by coming in contact with stones or logs in the river.

On account of the difference in the testimony, Judge Fowler withheld his decision and ordered that the body be exhumed this morning and a careful examination made to settle definitely the matter as to whether the body really showed the wounds or not.

## MR. STEPHEN E. TRICE, VENERABLE RETIRED BANKER, PASSES AWAY

HAD BEEN ILL FOR THREE  
WEEKS

A FOREMOST CITIZEN.

Prominent in Business Cir-  
cles and a Pillar of the  
Baptist Church.

FUNERAL WEDNESDAY.

(From Tuesday's Daily.)

Mr. Stephen E. Trice died this morning at 2:15 o'clock at his residence on South Main street. He had been failing perceptibly for several days and the end was expected. Mr. Trice had been confined to his bed three weeks. A complication of diseases incident to age was the cause of death.

Mr. Trice was 84 years of age and was the oldest banker in the state when he retired three years ago from an active participation in business affairs. For half a century he was a foremost citizen of Hopkinsville. He was prominent in religious work and had long been a pillar of the Baptist church.

Mr. Trice was born in New Providence, Montgomery Co., Tenn., and was a son of James and Zilpah Mallory Trice, pioneer citizens of that region. He came to Hopkinsville to make his home in 1889. His first employment was a clerkship with the late Archibald Gant, who was the first banker in Hopkinsville at the time when all hats were made to order. He next engaged in the grocery business and then in the tobacco business. His capacity for business was large, and with his industry and prudence he was successful in all his enterprises. In 1888, with his brother, the beloved Wm. L. Trice, he organized the bank of Trice & Bro., which in 1873 was merged into the Planters Bank, of which institution he was president until he voluntarily retired in 1901. He was thoroughly conversant with the banking business and under his careful and conservative guidance the institution was recognized as one of the safest and best banking houses in Kentucky. Mr. Trice's ability and faithfulness, together with high integrity and strict probity, won him the implicit confidence of his business associates and the respect and esteem of the public generally.

He was a devout Christian and had been a member of the Baptist church of this city since 1848. For thirty years he was clerk of the church, and was trustee for a long term of years, holding that position at time of his death. His faith was fixed and firm. He took deep interest in everything pertaining to the advancement of the cause of religion and of his church. He contributed largely to the

church's support. He was more liberal than even his friends were aware, for ostentation of any sort was distasteful to him. He was a man of strong convictions and of unflinching courage in doing what he thought was right. He was constant in his attendance on church services, and was, perhaps, on this account and his striking appearance the most familiar figure in the Baptist congregation. During the thirty years he served as clerk of the church he rarely, if ever, missed a business session.

In his domestic relations he was tender and devoted. He was married in 1845 to Mrs. Virginia Buckner Steward, who died in 1897. Two children, Mr. John B. Trice and Miss Annie Trice, survive him.

Funeral services will be held tomorrow afternoon at 8 o'clock at the Baptist church, conducted by the Rev. Dr. Chas. Harris Nash, and the remains will be interred in Hopewell cemetery.

### Faust's Minstrels.

On next Wednesday at high noon a street parade will occur in this city. It will announce the Ted E. Faust Superb Minstrels, who are to appear at the opera house on the night of May 4th. A feature of this parade will be the military band of Prof. W. C. Roth, "The Sousa of Minstrelsy." It will number twenty-two solo musicians. In the parade will also appear Ted E. Faust's fifty all-star minstrel artists. They will parade the principal streets and render operatic airs along the way. In the evening at 7 o'clock, in front of the opera house, a special open-air concert will be rendered. This is absolutely free. Special attention is called to the orchestra of sixteen pieces; also to the costly costumes worn by the company in their street parade, in their first part and in their olio.

### Dogwood Doings.

Dogwood, April 27.—A very severe sleet and snow and storm visited this section last Wednesday. The damage done however was not so great as was expected. The fruit crop was not entirely killed. Farmers could be seen hauling wood from every direction, instead of planting corn.

On account of the rain last Sunday there were no services at the Baptist church.

Miss Mina Wood, of Hopkinsville is visiting relatives here.

Mr. Bud King had the misfortune to have his residence, occupied by himself and his wife, burned to the ground last Friday. The fire was thought to have caught from a defective flue. The wind was so strong there was no chance of extinguishing the flames. Most of the contents were saved, but the loss is heavy. We are glad however that Mr. King is not left without a home, as he has another residence occupied by his children on the same farm.

For Congress,  
HON. A. O. STANLEY,  
of Henderson.

Republican statesmen are trying  
to get the president to appoint Gen-  
eral Bristow ambassador to Morocco,  
Mongolia, or the moon before next  
winter.

Congressman Baker, of New York,  
has a keen sense of justice. He has  
made five efforts to hitch on to ap-  
propriation bills a provision to reim-  
burse the railroads of the country  
for the amount they have expended  
in dead-heading the president and  
his suite. The Republicans do not  
appreciate Mr. Baker's liberality.  
In fact, they seem to resent it. They  
probably think that a frequent rail-  
road train is a proper perquisite of  
the executive office.

Members of congress caught in the  
postal declare that they feel perfect-  
ly innocent and their consciences  
are void of offence. Republican Sen-  
ator Burton feels the same way. In  
fact, Machen, Beavers, and all the  
others who have been convicted or  
indicted are blest with the same self-  
approval.

The Northern securities decision  
upholds the right and power of Min-  
nesota to enforce its own laws. This  
would seem to be the first rate Dem-  
ocratic doctrine.

The census bureau estimates that  
our population will increase a mil-  
lion a year even if President Joseph  
Smith enforces his decrees that no-  
body else shall have as many wives  
as he has.

### Beware of Ointments For Catarrh That Contain Mercury.

As mercury will surely destroy the  
sense of smell and completely de-  
range the whole system when enter-  
ing it through the mucous surfaces.  
Such articles should never be used  
except on prescriptions from reputa-  
ble physicians, as the damage they  
will do is ten fold to the good you  
can possibly derive from them.  
Hall's Catarrh Cure, manufactured  
by F. J. Cheney & Co., Toledo, O.,  
contains no mercury, and is taken  
internally, acting directly upon the  
blood and mucous surfaces of the  
system. In buying Hall's Catarrh  
Cure be sure you get the genuine. It  
is taken internally and made in To-  
ledo, Ohio, by F. J. Cheney & Co.

## UNEARTH'S ALTAR

DEDICATED TO PATRIOT-  
IC ROMAN.

Signor Boni, Archaeologist,  
Announces Important  
Discovery.

ROME, April 22.—Signor Giacomo  
Boni, the famous archaeologist, who  
is directing the excavations of the  
Roman forum, has made what is  
considered the greatest discovery of  
many years. He came upon a place  
where there was an altar dedicated  
to Marcus Curtius, a patriotic Ro-  
man youth, who in 362 B. C. to pla-  
cate the gods jumped, completely  
armed on horseback into a chasm  
which had opened in the forum and  
which the soothsayers declared could  
not be filled except by the sacrifice  
of the chief wealth or strength of  
the Roman people. After Curtius'  
sacrifice tradition says the chasm  
immediately closed up. The orifice  
of the chasm found by Signor Boni  
is formed by twelve large stones  
rudely sculptured.

### 'Good for Children.

The pleasant to take and harm-  
less  
One Minute Cough Cure gives im-  
mediate relief in all cases of Cough,  
Croup and LaGrippe because it does  
not pass immediately into the stom-  
ach, but takes effect right at the seat  
of the trouble. It draws out the in-  
flammation, heals and soothes and  
cures permanently by enabling the  
lungs to contribute pure life giving  
and life sustaining oxygen to the  
blood and tissues. One Minute Cough  
Cure is pleasant to take and it is  
good alike for young and old. Sold  
by R. C. Hardwick.

### Thousands Have Kidney Trouble and Don't Know It.

How To Find Out.  
Fill a bottle or common glass with your  
water and let it stand twenty-four hours;  
if sediment or settling indicates a  
unhealthy condition of the kid-  
neys; if it stains  
your linen it is  
evidence of kid-  
ney trouble; if  
frequent desire to  
pass it or pain in  
the back is also  
convincing proof that the kidneys and bladder  
are out of order.

What to Do.  
There is comfort in the knowledge of a  
trouble expressed, that Dr. Kilmer's Swamp-  
Root, the great kidney remedy, fulfills ever-  
lastingly in curing rheumatism, pain in  
back, kidney, liver, bladder and every part  
of the urinary passage. It cures inability  
to hold water and scalding pain in pass-  
ing, or bad effects following use of liquor,  
wine or beer, and overcomes that unpleasant  
necessity of being compelled to go often  
during the day, and to get up many times  
during the night. The mild and extra-  
ordinary effect of Swamp-Root is soon  
realized. It stands the highest for its won-  
derful cures of the most distressing cases.  
If you need a medicine you should have the  
best. Sold by druggists in 50c. and \$1. sizes.  
You may have a sample bottle of this  
wonderful discovery  
and a book that tells  
more about it, both sent  
absolutely free by mail.

## DIARY OF A TRIP

AN INTERESTING LETTER FROM MR. GREEN

A Former Hopkinsville Citizen Tells of a Western Journey.

Artesia, New Mexico, April 21, 1904.  
Editor New Era,  
Hopkinsville, Ky.

Thinking perhaps a letter from a Hopkinsville boy might be of some interest to your subscribers, will render a short diary of this especial trip. Having business for my house at Artesia I left Dallas Monday April 18, over the Texas Pacific making connection at Ft. Worth for the Ft. Worth & Denver road. A beautiful country presents itself to the eye to Wichita Falls. The land is black and propitious rains has caused a prosperous condition, the wheat and grass covering the earth with a green mat and thousands of cattle roaming upon the great ranches. After I passed Wichita Falls the greenness disappeared and from there to Quanah, a distance of 200 miles nothing but dead grass and uncultivated fields was in view. Spent the night at Quanah and continued my trip the next day to Amarillo passing through Childress and Clarendon, each with a population of about 3,000. Through the entire distance of 145 miles not a green thing could be seen except some small shrubbery bearing its foliage of leaves.

Along the side of the railroad were hundreds of prairie dogs and they would sit upon their hind legs seemingly indifferent to the noise of the train. Spent the night at Amarillo, finding there a convention of cattle men and was glad to lay myself down on a cot for the night, every available space being utilized in the town. Amarillo is the center of the great Pan Handle country and is a flourishing town of about 5,000 people. In talking with the cattle men it seems the day of cattle raising in Texas is about over, the price is low and thousands of them (owing to a continuous drought of thirteen months) with no feed and no prospect of a crop are pouring their poor cattle upon the market. This great Pan Handle country is destined some day to be the garden spot of the world and when these immense ranches are cut into small farms and cultivated, so that the atmosphere can drink the moisture from mother earth—the clouds will give back to the Pan Handle rain in its season and a rich harvest will prevail.

Left Amarillo Wednesday the 20th passing through what was once known as the great American Desert—now immense cattle ranches. One of these ranches is owned by a syndicate. It is known as the K. I. T., and is larger than the state of Rhode Island. For the first time, I saw many mirages known to us as "mirages in the desert." Looking ahead I could see what seemed to be a beautiful lake, but after plodding along, the lake would either vanish away or be just as far ahead as before. From Amarillo to Roswell, New Mexico, a distance of over 200 miles not a tree, or shrub or a green blade of grass did I see, save and except near Canyon City, Tex., where there was a beautiful field of fine alfalfa, showing the wonderful vitality of this grass, after undergoing a siege of 18 months, without rain. Met many homeseekers on board the train on their way to Mexico. Among the number was the Hon. Jerry Simpson, of Populist fame, who was elected to congress from Southwestern Kansas eight years ago. He resides at Boswell, New Mexico and gives a glowing description of the great Pecos Valley with its thousands of Artesian wells—irrigating that country. Am told that here is perpetual summer and that the climate is exhilarating and delightful. Many consumptives go there and in time, always receive permanent relief. Alfalfa is the great crop of this valley the owner getting four crops in

one season. Fruit is largely raised—in fact they can grow successfully most any farm or vegetable crop. However the irrigated lands only compose a small per cent of the valley and where the water does not touch it is as arid and dry as the plains of Texas. The city of Boswell is 3,600 feet above the sea level.

In the dim distance you can see Capitan Mountain rising 800 feet above the sea level and further still the outlines of White Mountain which is something over 14,000 feet high and about 200 feet higher than Pike Peak. This country is not very prepossessing from the cars although it is very beautiful to see the improved irrigated farms. Along the channels trees are growing and the orchards of apples, peaches, pears and other fruits are very fine. Stock raising is on the wane here too and many train loads are pouring towards Kansas City. Occasionally along the road have noticed the Mexicans dressed in the typical garb of Old Mexico. They live in tents and huts and are content with little. I understand they make faithful shepherds and are used largely on the big sheep ranches as herders, sleeping at night on the bare ground surrounded by his flock. Artesia is a new town about fifty miles south of Roswell and 100 north of Pecos. People are pouring into the place and land is being irrigated all around the town. The cost of sinking a well is about \$3,000, so altogether the land is cheap, yet when the cost of putting same in tillable condition is summed up, it comes pretty high. It is a great sight to see a volume of water the size of a man's leg pouring out of the earth into these immense reservoirs, and rendering prosperous a hitherto arid waste. My trip ends today here at Artesia and in a few hours I will be seated on a slow train and wearily will retrace my journey back through the Pan Handle, reaching Dallas Saturday night.

If a few farmers of old Christian could visit this drought stricken section of Texas and New Mexico, they would probably go back home better satisfied with life and living in Kentucky, and by the way, no set of people I have ever come in contact with, live any better, or any more comfortably, than the people at home. Of course, opportunities are greater for getting rich in newer states but for good, honest, comfortable living, Kentucky beats the world. There is a fascination in the wild struggle for supremacy in new sections, but like the bucket shop speculator more (by far) fail than those who succeed. To my friends in Christian county will say: Be contented; you have your troubles and worries and so has the farmer of Texas, New Mexico, and every other section and you are progressing just as well and probably better. Cheap lands are plentiful, but it takes a world of hardship, privation, sacrifice and time to develop and succeed, and for my part when I commence farming, it will be on my little patch of ground in old Christian. Success and happiness to you all.  
James M. Green.

### Still Sleeping.

A Washington despatch to the Nashville American says:

The bill for the relief of the tobacco growers by providing for free trade in the leaf is still sleeping in Senator Aldrich's direction in a subcommittee of the finance committee. There are at present no prospects of the bill getting out of committee. Senator Blackburn, of Kentucky, said today that the measure seems destined to go over until the short session when he hopes to have it reported with an amendment, giving the tobacco growers still more latitude than the present bill gives them. The evident intention of the senate to pigeon-hole the bill was the subject of a short speech in the house this afternoon by Representative Gaines, of Tennessee. He declared the action of the committee to be outrageous, and that if he were a member of the senate he would hold up everything until this bill was passed.

## BORROWED A HORSE

EDGAR WATKINS FORGOT TO RETURN IT.

Now a Serious Charge is Lodged Against Negro Youth.

(From Tuesday's Daily.)

Edgar Watkins, a colored boy of about fifteen years of age, was arrested here last night charged with horsestealing. It is alleged that he took a horse from Mr. J. S. Denney, a liveryman of Pembroke, yesterday morning without asking leave and rode it off. When he was arrested last night at his sister's house, the horse was hitched in front of the house. Watkins claims that he merely took the horse to come here and that he had no intention of stealing it, but was going to return it.

## HYOMEI'S SUCCESS IN HOPKINSVILLE.

Cured Many Serious Cases of Catarrh. L. L. Elgin Will Refund Money if it Fails.

No other medicine or treatment for catarrh has ever achieved such quick and remarkable success in Hopkinsville as Hyomei. The fact that L. L. Elgin when he first introduced Hyomei sold it under a positive guarantee to refund the money in case it did not cure, contributed largely to its successful introduction. A guarantee from a firm like L. L. Elgin gave people confidence at the start. Those who obtained a Hyomei outfit found that the treatment did all that was claimed for it; that the first few breaths of Hyomei cleared the air passages and gave an exhilarating and invigorating effect. Its continued use freed the system from all catarrhal germs, soothed and healed the mucous membrane, and made a complete and lasting cure.

Compared with the dangerous stomach drugging that had been used heretofore in the treatment of catarrh, the balsamic air of Hyomei created a most favorable impression. And the medicine itself did even more than was claimed for it. In fact, to make a success, it was necessary that Hyomei should cure nearly every case of catarrh in which it was used, for every outfit was sold on a guarantee to refund the money in case it failed.

If it had not possessed unusual merit, an offer like this would have resulted in an enormous loss. But curing as it did, Hyomei soon gained an enviable reputation and made many friends who recommend it far and near. Its success here in Hopkinsville has been remarkable, and L. L. Elgin is still selling it on his personal guarantee to refund the money in case it does not give satisfaction.

### Methodist Women.

Mrs. T. R. Kendall, president, and Miss Ada Lewis, corresponding secretary, thus announce the next annual meeting of the Methodist Women's Home Mission society:

The annual meeting of the Woman's Home Mission society of the Louisville Conference will be held at Madisonville May 7-10. The opening service will be held Saturday evening. Delegates and visitors are requested to send their names to Mrs. A. B. Ramsey, Madisonville, Ky. There will be delegates from nearly all parts of Kentucky.

### Missing Girl Found.

The 15-year-old girl, Sarah Wade, an orphan who made her home with R. H. Baker, near Princeton, and disappeared some time since, has been found at Earlinton. F. M. Jackson, city marshal at Dawson Springs, went there and carried the child to the Kentucky Children's Home, who had offered a reward for her.

## PAPERS FINISHED

IN THE PEMBROKE MURDER APPEAL.

Will Be Sent At Once to

Frankfort.—The Humel-

stein Case.

Circuit Clerk Clark has completed

the papers in the cases of George

Holland, Dick Carney and Frank

Meriwether, sentenced to death for

the murder of the unknown white

man near Pembroke, on which an

appeal was taken, and they will be

sent to the court of appeals at once.

Pending the decision of the court of

appeals the sentence was suspended.

The negroes were sentenced to be

hanged on April 15.

The suit of Jacob Humelstein

against H. and P. Bohn, alleging

that he had been defrauded of \$500.58

has been dismissed.

## CLAUD MIMMS

Shoots Negro in Self-Defense at Birmingham, Ala.

The Clarksville Times-Journal

says:

News has been received by friends

here to the effect that Claud Mimms,

of Gutrie, who is well known here,

killed a negro whose name is not

known, near Birmingham, Ala., Sun-

day.

Mr. Mimms has been in charge of

some railroad work in Alabama and

Sunday was sick in the boarding car,

when a strange negro came into

camp and raised a row with Mr.

Mimms' hands. The negro threw a

piece of slag through the car window

and when Mr. Mimms went to the

door to investigate the trouble, the

negro threw at him. The missile hit

Mimms in the face, breaking his

nose and cutting his face painfully.

Mimms re-entered the car, got his

pistol and shot at the negro, who ran,

but did not wound him. As the man

ran he threw a piece of iron at

Mimms who again shot, this time

killing him instantly.

Mr. Mimms was cleared at the in-

vestigation.

## Mrs. McKenzie Ill.

Jas. A. McKenzie, Jr., of this city,

last night received a telephone mes-

sage from Hopkinsville stating that

his mother, Mrs. Jas. A. McKenzie,

was critically ill at her home near

Oak Grove in this county.

Mr. McKenzie left last night at 12

o'clock for Oak Grove to be with his

mother. Mrs. McKenzie has been in

bad health for some time, but the

cause of her sudden critical illness is

unknown here. A telephone mes-

sage received here this morning

states that she is resting very easy

today. Mrs. McKenzie is the mother

of Mrs. Hubert Potter, of this city,

and has spent much of her time in

Bowling Green. Mrs. Potter and

daughter are now with Mrs. McKen-

zie.—Bowling Green News.

# RUSSIANS WIN GREAT VICTORY ON YALU RIVER.

Seven Thousand Japanese Are Said to Have Fallen In Attempt to Land Mikado's Forces.—Late War News.

PRESENT DISPOSITION OF TROOPS ALONG THE YALU. The map shows the present alignment of the Russian and Japanese forces along the banks of the Yalu river. The river being navigable as far as Antung, it is not improbable that the light Japanese gunboats will play an important part in the operations there.

Cablegram.)

ST. PETERSBURG, April 23.—A

private telegram from Port Arthur

says that the Japanese lost seven

thousand men attempting to land

near the mouth of Yalu river. No

official report of the Russian victory

has been received here. The Japa-

nese fleet is again off Port Arthur.

(Cablegram.)

PARIS, April 23.—Information re-

ceived here today confirms the re-

port of the Russian victory on Yalu

river.

(Cablegram.)

LONDON, April 23.—A dispatch

to the Central News from Port Ar-

thur says news has been received

there of the complete destruction of

a Japanese column on the Yalu riv-

er. No details, it is added, were ob-

tainable.

(Cablegram.)

ST. PETERSBURG, April 23.—

The Emperor has received the fol-

lowing telegram from Vice Admiral

Alexieff bearing today's date:

"I respectfully report to your maj-

esty that today during the placing of

mines by some steam launches

Lieut. Pell and twenty men were

killed through a mine exploding pre-

maturely under the stern of one of

the launches."

Viceroy Alexieff's announcement

has added to the gloom which pre-

valled since the disaster to the Pe-

trovoplovsk.

"We are paying the price of care-

lessness," said a member of the ad-

miralty, "and previous disasters

seem to teach nothing."

From Day to Day

POOR THING.—Will Neeley sug-

gests that if the town council won't

have a clock placed in the new court

house cupola, they at least should

have the hands put up so that the

poor thing might hide its face occa-

sionally.

BIG TOWN.—The population of St.

Louis, according to its new city di-

rectory, is 693,675, an increase of 87,-

208 over last year.

AT CERULEAN.—Mr. W. Rob Shaw,

son of Judge John D. Shaw, of Cadiz,

has accepted the position of clerk at

the Cerulean Springs hotel for the

coming season. He now has a posi-

tion as clerk in the Alcazar, one of

the leading hotels in St. Augustine,

Fla., but that hotel, which is a win-

ter resort, closes the first of May.

MR. ABBITT.—Rev. George C. Ab-

bitt, chaplain of the Hopkinsville

Elks lodge, No. 645, and one of the

most prominent Elks in the state,

will arrive in the city next Sunday

to occupy the pulpit at Grace church.

Rev. ABBITT is a scholar of rare ac-

complishments, and his visit to Pa-

ducah and appearance at Grace

church promises to be a treat which

will be enjoyed by many. It is

likely many members of Paducah

Lodge will attend the services.—Pa-

ducah Sun.

GRACE GREENWOOD.—Announce-

ment is made of the death, at New

Rochelle, N. Y., of Sarah Jane Lip-

pincott (Grace Greenwood) the au-

thoress. She was a native of New

York and was eighty years of age.

Mrs. Lippincott had been connected

with periodical literature as editor

and contributor for years, and was

also the author of a large number of

books some of which were stories

for children.

MRS. NATION.—Mrs. Carrie Na-

tion, the saloon smasher, has arrived

in Chicago and will on next Monday

commence an engagement at a dime

museum. This is her first appear-

ance in such capacity. Her salary is

\$300 a week.

CHEWING GUM.—Minnesota's in-

sane charity patients are supplied

with chewing gum. When a patient

is violently excited he can often be

quieted by giving him a piece of

gum to chew. Those patients who

are unable to concentrate their mind

on any physical exercise are put in

a condition to perform useful work

through the same agency.

MAMMOTH'S RIVAL.—Colossal Caver-

ns, two miles from Mammoth Cave,

will be explored by the engineers

of the Louisville and Nashville rail-

road to its limits in the immediate

future. The cavern has already been

explored to the distance of five miles

and the subterranean formations are

said to surpass in beauty and size

even those of Mammoth Cave, a

short distance away, says the Cou-

rier-Journal.

The interior of the cave is perfect-

ly white and has never been stained

by the smoke of torches, the only

lights that have been carried inside

up to this time being acetylene gas.

The cave was for years thought to be

only a small excavation, and its mag-

nitude was first discovered by a na-

tive named Hunt.

## Asylum Improvements.

# Sunday School Lesson

Text, Luke xi, 1-13; Golden Text Luke xi, 9.

--- Commentary, prepared by Rev. D. M. Stearns.

## Lesson V, 2nd Quarter, May 1.

[Copyright, 1904, by American Press Association.]

In the intervening verses between the

last lesson and this one note the power

over all the power of the enemy which

was granted to the seventy, with the

assurance that nothing should by any

means hurt them. Note also what our

Lord said about having our names writ-

ten in heaven and the blessedness of

having a childlike spirit (verses 19-21).

Then follows the story of the lawyer

who answered so correctly from the

law, but was so full of self justifica-

tion, and who learned from the story

of the compassionate Samaritan what

it means to love your neighbor as your-

self. The law is intended to shut our

mouths concerning ourselves and bring

all in guilty before God, that they may

be saved, for only the lost can be saved

(Rom. iii, 19-24).
